

GARFIELD GOLF RESULTS FOR WEEK ENDING SUNDAY 10/6/18

FIRST TEAM OUT BEST TEAM IN

This week's major event was a four person ambrose guest day contested on Saturday by a field of 14 teams played in mild sunny conditions. Best in for the day was the first team to tee off, as per usual, with a fantastic score of 52 3/8 achieved by Steve Kohut , Terry Garratt and Peter and Justin Medwin , four shots to the better of Paul Renehan , Paul Govaars and Geoff and Craig Hobson. The all members winning team was Paul Kaye, Ken Pettiford , Dan Kelly and Lou Milner with a very nice score of net 53 3/8 just a shot to the better of Peter Fedorenko , Pieter Vander Horst and Geoff and Rex Turner. A final score of 56 5/8 was required to win a ball down the line. On Thursday a field of 47 came out for a game with a very much in form Richard Gould doing best with a score of 41 points to win the B Grade event four points in advance of Peter Fedorenko and Ian Lidstone. Ross Martin won the A Grade event with a very nice 40 points playing off his handicap of 13 the three points in front of Steve Wallace and the consistent Richard Perry. Another good round of golf from Mick Neylan who continues to play to, or near to his handicap of 10, with a round of 37 points. A final score of 36 points down to a count back was required to win a ball down the line. The remaining semi final of the Ewan Costain Trophy was played on Saturday with Peter Scott and Mick Matthews proving far too good for the pairing of Trevor Male and Gary Bassett, four up with the three to play. The final, to be played next Saturday should be a very close game with Scott and Matthews taking on the Turners, Rex and Geoff who are both in good form. For everyone else next Saturday is a game of single stable ford.

RESULTS

MONDAY / SINGLE STABLE FORD / FIELD OF 16

WINNER Peter Lazarus (26) 37

DTL Tom Griffiths 36, Trevor Guille 35 C/B

BEST FRONT 9 David Churchill 29 BEST BACK 9 Trevor Male 18 C/B

TUESDAY / LADIES / STROKE

WINNER Jill Gay (26) 78

DTL Liz Harrison (31) 79
